The first sex story I'm writing. Happy 21-year-old daughter. She walks down the street, shaking her man's chin and lifting her women with the warm voice of her beauty, a genuine Yemeni body, a French man savico promises, prominent Brazilian breasts like two shards of lime and a background placed on an important strait that everyone craves. And the sweetest body. The mind is most likely a voice, a sexy voice, prolific hair ... Many people spoke about his beauty as a happy fairy not from the daughters of a man. And about her qualities poets wrote poems, and writers wrote books. And because the sweet does not end, and because it is the hand of the throat to the one who does not suffer ears, it was a happy share of men in the shoish Saleh, and who does not know shwish Saleh, he is an old man and his condition and his health on his feet, and despite his lack of health and weakness, but the house was like a lion on happy, beating her at least and if you think about opening energy will remain a black day on her and those who left it and if it is late in the requirements of the market ... However, the heaviness and heaviness of Shoish Saleh will only turn in two cases. The first case is that he deals with people other than his family, he's a coward like a mouse and he works for a stranger a thousand bills, but Said can do something with it, but the second case that he can't afford is his sexual ability with Said, and the shaish tried to fit a lot and a little fit from his condition below, but it's not by all standards. All the people of the district wished to win happy, and you lose that all this beauty is in the hands of a man who is weak in sexual abilities like Shvish Saleh, and everyone competed for Saeed in secret and in public, but no one was able to talk to Shoish Saleh in this topic because they know the oppression of his friends from outside the area, and his ability to use them at any time and because he was a humiliating slave to his friends outside the neighborhood they helped him every time. Once the situation changed and the situation changed and the situation changed, and Shaish Saleh met with his wife, Luna Happy under one roof and one bed, and it seems that he tried this time to sleep with her illegally (behind), Saeed shouted loudly and opened the power in the bedroom and gathered people around them and all stood and not knowing what to do before this abnormal scene that there are no people with them to touch them. They were the only ones who got rid of the happy ones in it and attacked Shawish Saleh and finished happy from his hands, legs. A group of them ran after him into the street, throwing stones at him and loudly Edie, go, go while he was naked and cursing them. After a miracle this did not happen, and children who have no need and because they do not know what to do with happiness, let it be free, and the mind of the neighborhood decided that she should get married, so there is no fitnah among the men of the neighborhood. Married and single. And they had a big Arab meeting to decide who would be a happy husband. Sheikh Abdul Majid said: I know the Book of God and his year, and I treat it in a way that satisfies God and satisfies me, and she is one of my women, for her and for her. People answered him and said: Happy young girl. And you are gone, and you can take your good first, and you are rooted in the nature of Wahhabi and under their tutelage, and all your manners and actions are like them, and you are not something that benefits them. Teacher Yasin said I am not greedy in Said, but I am the best I can teach her and light her brain, because unlike all of you, I see her body, not greed in the night of lust, I am not afraid of her, my blood is educated and understanding, and I do not understand my words as I am between applying to her. But if you're sorry, I'm her husband. I don't mind. Before he answered, everyone was surprised by the sound of his soul, screams and beatings, and they all rebelled against the voice of a man named Dinboa Musk in his Russian automatic hand and in his second hand, the mask of Shawish Saleh al-Arian beat, . Ad-Dinwa said to everyone: I caught you in uniform. He tried to bribe me with money and asked me to beat the little children who saved Said from his hands (or in a more correct sense of his legs), but I refused because I am a believer, saying: I trust them in terms of the command of Allah. Everyone was hallento to come. And prostrate the mind of warm and dirty children and all the sons of the neighborhood. Amid the lullaby and the increase, al-Shwish's voice seemed faintly valid, saying: Saeed Talak. And Dinava is the most deserving person in it after me, and it is the right side that can keep happy. All again juiced, took the dynasty on his shoulders, weeded him into a happy house and entered it. They heard the first cry of warm women for the happy, and she was under a real man. And the days pass and people are busy in their own situation, and one day they come out again dirty barefoot kids telling the neighborhood that they saw dinwaand he slept happy with bhaim and that he does with her the same thing that he does to her vile shaish. At first everyone lied, and they asked them to base themselves on God's limit, because they throw the most noble people into lies. A few days later, a brave boy of filthy children dared to open happy bedroom on Thursday night and everyone was surprised by the incredible scene. Saeed shoulders with open legs and mouth gagged and dandeweis asleep with her from behind and he works with her as shoish Saleh did exactly what he did. Everyone was screaming and going, and decided to banish the dinfuauot from the neighborhood, but he came out on them at the last minute and said: Sorry. You have the right of the Arabs and the people to allow you to accept my apology and consider what happened. And if he was between the sons of the neighborhood and between him and his nest and affection, they accepted his apology and promised that he would not make this anomaly with it again, and the days pass, and he would rise in the heat of the stormy wind. She opens the energy of a happy bedroom on Wednesday night and she is happy in the same as her son. And the bear is a passenger. Everyone was screaming and attacking him. But this time he came out to them and said: I am not the one who did it, and God. This is a vile thief from He was wearing pajamas that looked like my pajamas, and he kept doing it with my wife. And I need your efforts with me to reveal my offer and honor. Believe him and they went out and went around in the corner of the neighborhood and house house. They locked the entrances and exits and even complained to some people in the area, even small, dirty children, who caused the departure of al-Shuish Saleh. They complained about them and beat them every time they saw them in the street. And after a while, everyone forgot what had happened. Once again, the little children planned to swell next door and opened the power in the bedroom. And they saw a situation that was more bizarre than ever before. She was happy every time. Lying and exposed with open legs and tied. Her eyes and mouth gagged. But this time there were 18 people, including Dinava. They all take turns sleeping with Said in the same dirty way... This time, a resident of the district said it was not possible to shut up. They all moved and attacked them. In addition to the grays of the surroundings, they stood in the air, watching them. The price of thugs who slept happily attacked them in turn and there was a terrible battle between them. The flames spread everywhere, so the casual neighborhood dispensary burned, and fell from the residents of the area to a lot of people. But that's all but a happy honor. After all, the prophet stood among his men and shouted at the people next door: Why do you smell the heat, dog children? What's your money and money in the infirmary? I'm protecting you from thugs and protecting your youth from a happy fit, and you're not able to while he's talking to the people next door. His men dragged women one by one and did the same thing as Saeed. And the sons of the neighborhood are all connected to fear before they are tied to ropes and chains. And the big people in the energy are pouring dirty water on the residents of the neighborhood and telling them: enough of what you've done to us, you want to take care of the neighborhood, the mud, and after they've raped the neighborhood women one by one. In the midst of the blessings of Warm Shebaat and their description of the rapists that they were the ones who accepted them, they get it (sawarat and sa'ims). They got the suddenness of Saleh when he walks next door and is notified. And he saw them heal, and he said, You mean I walked, brain.\$? I'm from the day of my happy couple. And dandewed my right hand. Everyone was amazed... Al-Dinwa and Al-Shuish opened a happy apartment, and everyone heard the sound of her screaming because of their rotation from behind the dog for the second. .
